Dear Ma’am:

We, the Bachelor of Science in Information Technology (BSIT) students at College of Information Technology (CIT), PHINMA Araullo University, would like to request your approval to develop the system entitled **Billing System for Ospital ng Lungsod Agham ng Muñoz** for your company to help you enhance your business operation and data management as one of our requirements to finish our Capstone.

May we specifically request to conduct the following pre-development data gathering tasks that will help us design and develop a customized computerized system aligned to your operation requirements – interview, survey, observation, document analysis, meeting, etc.

The areas to be analyzed are software, hardware, dataware, peopleware and business processes.

The information gathered from this study and system development will only be used to design and develop the system for your business. The gathered information will be treated with utmost confidentiality.

We deeply appreciate your approval regarding this request.

Thank you very much!

Respectfully yours,
